

Completing Your Workspace

LEADING THE WAY IN COMPLETING YOUR WORKSPACE

Our Products

With ergonomics as our template, our products are designed to improve productivity in the workplace. These products provide user-friendly solutions to common problems found in most offices that use computers.

Our Quality

Our quality control systems ensure completeness and accuracy of product deliveries.

Our Warranty

Most of ISE's products carry a limited lifetime warranty. We quickly resolve issues with minimal 'red tape'.

Our Services

All ISE products are sold by contract furniture dealers. These dealers are supported by independent, factory trained representatives. This ensures the workplace is properly evaluated for correct products that are then delivered, installed and after sales serviced.

Our Lead Time

Many of ISE's products are available on a 48 hour Quickship. The majority of products are shipped within 2 weeks of order receipt.

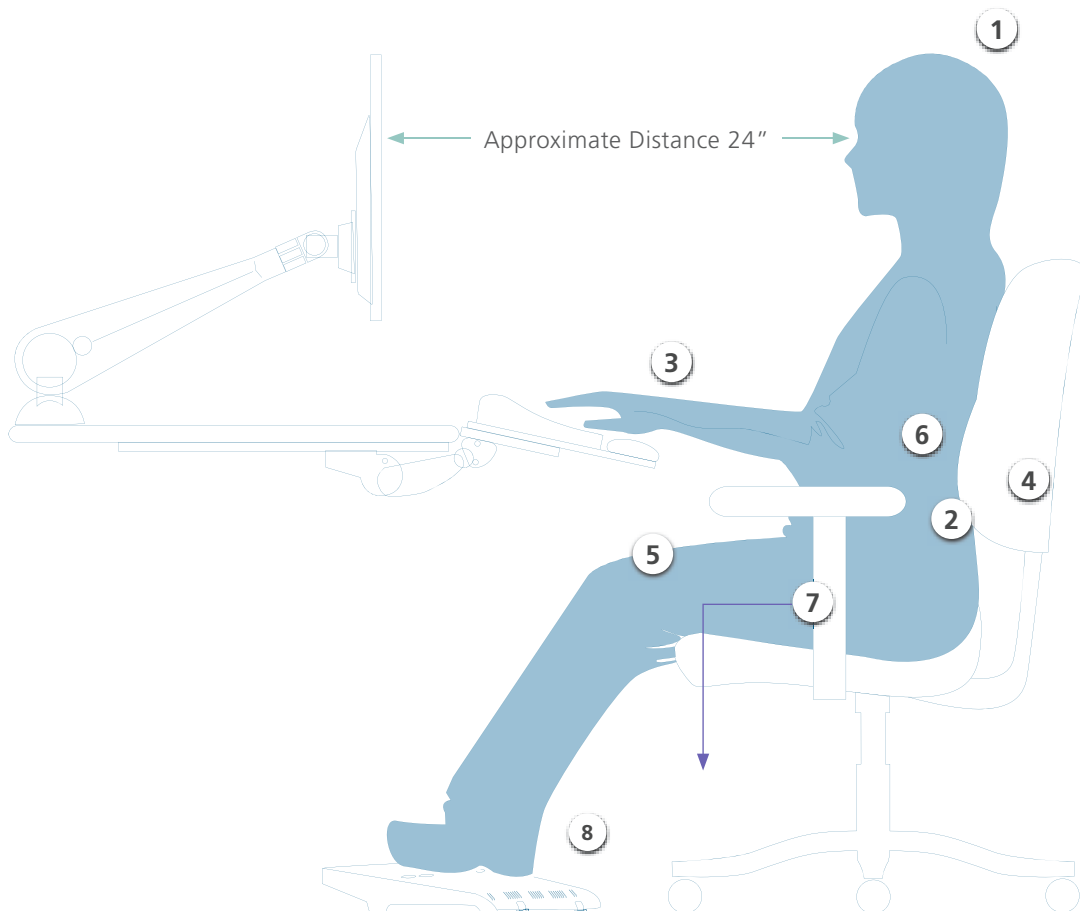

Completing Your Workspace

TABLE OF CONTENTS

■	8 POINT ERGONOMIC CHECKLIST	4
■	LEADER - ERGONOMIC ESSENTIALS	
■	UNIQUE FEATURES & INNOVATIVE SYSTEMS	5
