

Millennium conference is an extensive line of conference tables that is complemented by a broad range of private office casegoods and occasional tables. Design your entire facility with the Millennium collection.

Krug offers an extensive range of furnishings for private office and conferencing, and a comprehensive seating collection. A company-wide program is in place to reduce the impact of our products and processes on the environment. For a copy of this program, or more information about products, please contact your local Krug representative, or Krug Customer Service. We guarantee the quality of our products, and your satisfaction, with a comprehensive 10-year warranty. MILLENNIUM™ meets or exceeds the testing requirements of ANSI/BIFMA X 5.5-1998.

- A PowerBoxes and Connexus™ units are an efficient and attractive solution for electrical, data and voice connectivity.
- B Wiring from Connexus™ units and Power Boxes is neatly channeled down the center of the conference bases, perfect for use over floor mounted power outlets.
- C Conference bases feature wire management cut-outs to accommodate cabling which may be routed between bases.
- D When Connexus™ units or Power Boxes are specified in dual configuration, the outlets when exposed, face the sides of the conference top. When ordered in a single orientation, outlets are directed towards the end of the table.
